

Retrokirsch

Zug, Etter, 700 ml

700 ml

Art. nr. 62680700

The Etter Retrokirsch, a true rarity with guaranteed flavour! This Retrokirsch is a tribute to farmer Johann Baptist Etter (1800-1872), who distilled his own cherries as a sideline on his farm "Bergl" in the Zug municipality of Menzingen, thus laying the foundations for the success story of the Etter distillery. There are still precious treasures in Etter's basket store and this retro cherry was created from these mature cherry vintages with a great deal of expertise and passion. The result is a characterful, multi-layered, intense and very aromatic kirsch.
